Education

2015-2019   Bachelor of Engineering in Computer Science - Beijing University of Posts and Telecommunications

Rank: 14/324 (Top 4.3%)

GPA: 3.91/4.0 (89.14/100)

Awards, Scholarships & Skills

- **Awards & Scholarships**

  The Second Prize Scholarship - (2015-2016). *The First Prize Scholarship* - (2016-2017).
  The First Prize Scholarship - (2017-2018).
  Second Prize in Beijing Contest District - China Undergraduate Mathematical Contest in Modeling (2017).
     -CT Image Reconstruction and Augmentation: computer graphics, numerical analysis.
  Honorable Mention - Mathematical Contest in Modeling (2018).
     -Energy Production Profile: data science.
  Excellent League Member in School - (2017-2018)
  Merit Student in School - (2017-2018)

- **Intern & Program Experience**

  Beihang University Internship (2018.10-2019.3)
     - *State Key Lab. of Virtual Reality Tech. & Syst.*: Video object detection, Object tracking.
  Peking University Internship (2018.2-2018.6)
     - *Institute of Computer Science and Technology*: Weakly-supervised object detection.
  Chinese Academy of Science Internship (2018.5-2018.7)
     - *Institute of Computing Technology*: Multimodel machine learning, VQA.
  Undergraduate Training Programs for Innovation and Entrepreneurship
     - *Data Mining of $Blackboard^{®}$ iClass Platform.(2017.3-2017.7)*
  In-term Projects
     - *Student grades management system, E-business platform.*
  MSRA Hackthon 2016
     - *Augmented Reality Furniture Rendering System (Most popular project).*

- **Skills**

  CET-4: 583, CET-6: 592, English as working language.
  Be able to program in C/C++/Java/Python, experienced user of pytorch framework.
  Strong responsibility and good problem solving skills.
  Good team work and communication skills.
